

The HO-2213 Homeowners Amendatory Endorsement for California modifies the insurance coverage under the Homeowners Policy. It adds specific coverages related to Volcanic Action, Collapse, and Fuel Oil Release, which include Coverage C – Loss of Use, Section I – Additional Coverages, and the Building Ordinance or Law option (if indicated in the Declarations). Payments for these coverages are included within the \$10,000 limit for Fuel Oil Release. In Section II – Liability Coverages, it specifies that the exclusion for Damage to Property of Others does not apply. Additionally, the exclusion regarding bodily injury to any insured is revised to clarify that it applies to claims or suits against insured individuals defined in parts 8.a., 8.b., or 8.c. of the definition of insured, particularly concerning shared damages or repayment obligations. All other provisions of the policy remain applicable.
